

## Long Term Hires

Here at Betta Car Hire, we're specialists in providing both personal and business long term solutions for the Redlands and Stradbroke Island region. Whether you want a car to enjoy the sights, or require a ute or van for the duration of a work project, Betta Car Hire's friendly staff will tailor a hire package for up to 12 months to suit your needs. With our competitive pricing and convenient all inclusive rates, you can save up to 50% off the standard hire fee and trust there are no nasty costs hidden in the fine print.

With no on-going paperwork to sign each month - you can avoid the hassle of the costs, obligations and stress that owning a car can present. Instead of needing to commit to a fixed term lease, Betta Car Hire gives you the freedom to return the vehicle when convenient to you. When leasing you are required to maintain and service the vehicle yourself, but when hiring, you will have peace of mind knowing the registration and maintenance are taken care of. We also provide comprehensive insurance cover while on the road, and you will have access to 24 hour Roadside Assistance - allowing you to enjoy the benefits of having a vehicle without needing to worry.

We encourage you to take advantage of the Airport pick up and drop off service we have available, which is complimentary for hires of 30 days or more. We also have GPS and other extras available for your convenience, including baby seats and ladder racks for our Utility range.
